

## Volunteers

At the heart of the program are the volunteers, without whom it would not be possible to operate. All of our Care Transit Volunteers are carefully selected, screened, licensed and insured. All have had criminal record checks.

If you are interested in driving as a volunteer, or becoming a member or a volunteer of the Care Transit Team, please contact our office at (604)-869-3396 or e-mail at [info@caretransit.org](mailto:info@caretransit.org)

## Donations

Care Transit is a registered charity, and tax deductible receipts are issued for donations. Care Transit is supported by donations from individuals, businesses and service groups. In addition, grants from various agencies help sustain the program.

## What is Care Transit?

Care Transit is a volunteer, non-profit organization designed to provide transportation to individuals in the Hope and surrounding area that have no other means of transporting themselves to whole health related appointments.

## Our Mission

To enable greater independence and enhance the quality of life for individuals and families in the Hope and surrounding area by providing transportation.

## Who can ride?

Individuals requiring transportation must be referred by an agency, doctor, family member or friend. You may also self refer, which requires an interview to ensure eligibility. This simple and quick process can be done through our office at 425 Wallace St.

## Our Services

1. Volunteer drivers use their personal vehicles to provide individuals with medical transportation locally and throughout the lower mainland.
2. A wheelchair/scooter accessible van for local and lower mainland medical transportation for clients that require this service. The van may also be hired for special occasions.
3. A 20 passenger, wheelchair/scooter accessible bus for Care Transit organized excursions and for hire for special events such as weddings, private functions, etc.

Clients must book a ride at least 48 hours in advance of appointment. The office will then arrange a ride with a volunteer driver who will contact the client to confirm the details.

Organizations or individuals that wish to hire the bus or van may call the Care Transit office to set up an account. Please book well in advance to ensure availability.

## Our fees

### *Health Related*

Individuals receiving service are sent a ride activity report at the end of the month showing Care Transit's cost for the ride, with a request for a donation to help cover that cost. Drivers do not accept payment.

### *Non-medical (bus/van usage)*

Care Transit supplies the driver and fuel and the booking party is charged a set fee depending on time and distance.
